Important to Know

MANDATORY SAFETY EMERGENCY DRILL

In order to cruise all guests are required to participate in the safety drill as required by maritime law. The safety drill consists of two steps, visiting the assigned assembly station and watching the safety video. Immediately upon embarkation, guests sharing the same cabin are required to proceed directly to their designated assembly station following the letter indicated on the boarding pass. Here the boarding pass will be scanned to confirm participation and crew members will be available to answer any questions. The video can then be watched at any time on embarkation day through the MSC for Me app or Cabin TV. All cabin occupants must watch the safety video. Participation is mandatory for all guests who embarked today. Cruise cards will not be active for purchases until you have checked-in at your assembly station.
