## *Important to Know*

### **MANDATORY SAFETY EMERGENCY DRILL**

In order to cruise all guests are required to participate in the safety drill as required by maritime law. The safety drill consists of two steps, visiting the assigned assembly station and watching the safety video. Immediately upon embarkation, guests sharing the same cabin are required to proceed directly to their designated assembly station following the letter indicated on the boarding pass. Here the boarding pass will be scanned to confirm participation and crew members will be available to answer any questions. The video can then be watched at any time on embarkation day through the MSC for Me app or Cabin TV. All cabin occupants must watch the safety video. Participation is mandatory for all guests who embarked today. Cruise cards will not be active for purchases until you have checked-in at your assembly station.

### **IMPORTANT NOTICE**

To minimize risks when ashore, we advise guests to be security aware, avoid carrying large sums of money and having expensive items on display. Never leave your belongings unattended. Respect local laws and customs. Avoid confrontation with locals, and large gatherings. Always acquaint yourself with your government's travel advice.

### **NAUTICAL INFORMATION**

After our berth in the beautiful city of Barcelona, at 18:00 it will be time again to release the mooring lines and depart for our next destination, Marseille. Sailing on a 054 North-East course along the Spanish Coast, in the late evening, once abeam of Cabo San Sebastian, we will enter the gulf of Lion, well known to sailors for its sudden and strong roaring winds. Once crossing it over the night, we will take the pilot of Marseille on-board at 07:00.

*Distance between Barcelona and Marseille: 196 NM.*
